Our activities will include; reviewing our 2022 year-end financial statements, the independent auditor's report for the fiscal year end December 31, 2022, old and new business issues, and the annual election of board members.

Our 2022 financial results should provide our membership with the confidence that they can trust Michigan United Credit Union's ability to provide for their financial service needs. Our services, financial products, and rates continue to be competitive. Our state-wide charter and increase in branches throughout southeast Michigan over the last three years have provided improved access to financial services for our members. Even with the continued impact that the COVID Pandemic had on everyone's lives, the staff made sure our members had access to safe and secure financial services. The following Treasurer, Audit, and CEO Reports will further describe Michigan United Credit Union's 2022 operations.

MINUTES OF THE 91ST ANNUAL MEETING

CEO Report:

Andy Staley reported: A Review of 2022

I want to welcome all of you to our 91st Annual Meeting. It is fantastic that we can once again meet in-person and still have a virtual meeting option. So much has happened since we last met in-person. We have had three mergers, data processing conversions, debit and credit card conversions, changed our name to Michigan United Credit Union, suffered through staff shortages, and survived a pandemic. I want to thank our members for their patience as we took on these challenges. We fought hard to keep serving our members.

2022 was a monumental year for Michigan United Credit Union. Financially we had a Net Income of \$1.8 million, vastly exceeding our budget. We raised our Capital to \$33 million with a Net Worth Ratio of 9.28%. Our assets grew to \$357 million. Loan volume was phenomenal at \$106 million, with \$186 million in loans outstanding. This essentially doubled our goal. Delinquency ended at an astonishingly low 0.10%, with Net Charge Offs for the year at 0.15%. Membership declined slightly to just under 24,000 members as we cleaned up unused accounts from the merger.

The Credit Union finished converting the card programs. Members are now under the same program. We completed the marketing agreement with VISA that brought revenue into the Credit Union and reduces the Credit Union's costs for the members.

We continued to market a value-added service to the membership with Lincoln Financial Group offering wealth and other financial services. They held several seminars across the branches throughout the year. Staff attended numerous events out in our communities, and the Credit Union participated and donated goods and funds to worthy causes.

On 2/22/22, we moved our Warren branch from the Twelve Mile location to the Van Dyke building, which added services for members in the form of an ATM, Drive-Thru, and safe deposit boxes.

Looking forward to 2023, we hope to purchase a building as a corporate headquarters to serve members more efficiently. The Credit Union recently sent out a Member Survey that the Board of Directors and Management will be using as we set forth the direction of the Credit Union. The Credit Union will be looking at new products and services it can provide and better serve our members.

The Credit Union received a CAMEL 1 rating from our regulators with no exceptions, findings, comments, or concerns. This is the highest mark a Credit Union can receive. The Credit Union is rated 5 stars by Bauer Financial. Your Credit Union is safe and secure.

MINUTES OF THE 91ST ANNUAL MEETING

All of this cannot be accomplished without the unwavering support of our Board of Directors and the tremendous efforts of our management team and staff. I thank you all for your time and commitment. The results show our dedication to our members, the owners. We continue working on ways to improve their financial lives.

Thank you for your patronage and for taking the time to attend our Annual Meeting.

A motion was made by Leslie Logan to accept the report, supported by Larry Jones. Motion carried.

Member Expulsion – There was no member expulsions in 2022.

Nomination Committee Report:
Liz Morehouse reported:

There are four seats open for election at the 2023 Annual Meeting. The Nomination Committee takes great pleasure in informing you that the following Board incumbents have decided to volunteer their time for another three-year term:

- Mr. Norm Juchno
- Mr. Bob Kupfer
- Mr. George Wiegand

Associate Director Greg Fisher has applied to run in the election. He has been successfully vetted by the Nomination Committee, and we recommend placing him on the ballot.

Existing board member Steve Taylor has chosen not to run for re-election.

As of this date, no other Credit Union members have expressed a desire to run for a position on the Board. Should a Credit Union member desire to run and fulfills the requirements to seek election to the Board, we will notify you and the Board so the ballot can be adjusted accordingly.

MINUTES OF THE 91ST ANNUAL MEETING

With no other nominations, Chairperson Perry called for a vote by acclamation.

A motion was made by Toby Couture, supported by Gerry Coyne to approve the Nomination Committee report. Motion Carried.

Closing Remarks:

Richard Perry presented closing remarks.

As a "Credit Union" we don't have stockholders or even staff in the traditional sense. Our "members", including our staff, share in the ownership and success of this longstanding, 91-year-old, and financially sound Credit Union. Your voices and your votes are important in the way this credit union continues on its mission to provide the opportunities and services you want and need in your financial lives. Please feel free to let any of the staff or board members know how we can better serve you. Thank you for attending this important annual meeting. The information presented today confirms the Michigan United Credit Union is moving in the right direction. That direction is the result of the positive efforts of an effective staff. We believe the members confirm that message by using our services and trusting us with a significant amount of their financial resources. Our staff and Board will not take that responsibility lightly and will honor that trust with continued outstanding service.

Your Future is Our Future.
WE want to help YOU finance YOUR DREAMS

Adjournment:

Motion was made by Jim Stevenson, supported by Norm Juchno, to adjourn the meeting at 6:05 p.m. Motion carried.

That is over \$2 million more than we paid in 2022. Membership increased to over 24,000 members with a 3.08% growth rate.

The Credit Union received a high rating from our regulators. The Credit Union is rated 5 stars by Bauer Financial. Your Credit Union is safe and secure.

In 2023, we purchased a 31,000-square-foot building to house our staff, be more efficient, have the ability to provide more products and services to our members and offer another branch for our members located in the center of all our branches. We will be able to eliminate the cost of one of the branches that is closed. Host our annual meetings, board meetings, strategic planning sessions, and entire staff training days. The branch will have a drive-thru, ATM, and safe deposit boxes.

Staff attended over 60 events in our communities, and the Credit Union participated and donated goods and funds to numerous worthy causes. We are implementing a Membership Relationship Management program that will help the Credit Union be more proactive in meeting our members' needs. We launched a rewards credit card.

We also sent out a member survey that garnered 1,400 responses. This will give a 99% confidence level with a 3.5% margin of error. I apologize; as we know, it was long, and there were some technical difficulties. Thank you for your patience. I assure you future surveys will be less intrusive. Over 90% rated the Credit Union in the top two tiers for satisfaction. We also learned about other products and services the members wanted.

Looking forward to 2024, based on that survey, we will continue to evaluate more value-added services to the membership. We are looking to implement an internal call center to provide members with better service, updating our ATM machines with newer technology, instant issue & touchless (tap) cards, some branches should receive coin machines, offer extended warranties on vehicles, college scholarships, early post payroll deposit option, convert to VantageScore credit scoring to more closing match those on apps, and an auto decisioning model to improve our response time.

All of this cannot be accomplished without the unwavering support of our Board of Directors and the tremendous efforts of our management team and staff. I thank you all for your time and commitment. The results show our dedication to our members, the owners. We continue working on ways to improve their financial lives.

Thank you for your patronage and for taking the time to attend our Annual Meeting.

CLOSING REMARKS

RICHARD PERRY
Chairperson

As a “Credit Union” we don’t have stockholders or even staff in the traditional sense. Our “members”, including our staff, share in the ownership and success of this longstanding, 92-year-old, and financially sound Credit Union. Your voices and your votes are important in the way this credit union continues on its mission to provide the opportunities and services you need in your financial lives. Please feel free to let any of the staff or board members know how we can better serve you.

Thank you for attending this important annual meeting. The information presented today confirms the Michigan United Credit Union is moving in the right direction. That direction is the result of the positive efforts of an effective staff. We believe the members confirm that message by using our services and trusting us with a significant amount of their financial resources. Our staff and Board does not take that responsibility lightly and will honor that trust with continued outstanding service.

Your Future is Our Future.

WE want to help YOU finance YOUR DREAMS

Richard E. Perry
